Music and Embodied Cognition Arnie Cox, 2016-09-06 Taking a cognitive approach to musical meaning, Arnie Cox explores embodied experiences of hearing music as those that move us both consciously and unconsciously. In this pioneering study that draws on neuroscience and music theory, phenomenology and cognitive science, Cox advances his theory of the mimetic hypothesis, the notion that a large part of our experience and understanding of music involves an embodied imitation in the listener of bodily motions and exertions that are involved in producing music. Through an often unconscious imitation of action and sound, we feel the music as it moves and grows. With applications to tonal and post-tonal Western classical music, to Western vernacular music, and to non-Western music, Cox's work stands to expand the range of phenomena that can be explained by the role of sensory, motor, and affective aspects of human experience and cognition.

Enacting Musical Time Mariusz Kozak, 2020 A compelling approach among works on temporality, phenomenology, and the ecologies of the new sound worlds, *Enacting Musical Time* argues that musical time is itself the site of the interaction between musical sounds and a situated, embodied listener, created by the moving bodies of participants engaged in musical activities.

MUSIK-KONZEPTE 188 / 189: Rebecca Saunders Ulrich Tadday, 2020-05-20 2019 wurde die in London geborene Komponistin Rebecca Saunders (*1967) mit dem Ernst von Siemens Musikpreis ausgezeichnet. Die philosophische Rede von der Autonomie des Klangs kommt der kompositorischen und ästhetischen Intention ihrer Musik vielleicht am nächsten. Autonomie des Klangs (G. Hindrichs) – damit ist der musikalische Eigensinn behauptet, den Rebecca Saunders nicht allein auf dem Notenpapier gestaltet. Zugleich ist – konzeptionell – die Wahrnehmung der Hörer eingeschlossen, denen die Komponistin vor allem in ihrer Instrumentalmusik neue musikalische Räume eröffnet. Die Autorinnen und Autoren des Doppelheftes führen durch diese Räume und beleuchten deren kompositorisch äußerst farbigen wie strukturell höchst differenzierten Ausgestaltungen. Das Heft enthält Beiträge von Klaus Angermann, Mark Barden, Lukas Haselböck, Jörn Peter Hiekel, Lydia Jeschke, Martin Kaltenecker, Rainer Nonnenmann, Tobias Schick und Yuval Shaked.

MUSIK-KONZEPTE Sonderband - Salvatore Sciarrino Ulrich Tadday, 2020-01-21 Salvatore Sciarrino (*1947) ist ein berühmter und vielfach geehrter Komponist der Gegenwart, dessen Entwicklung sich jenseits serieller und postserieller Denkmuster auch in Auseinandersetzung mit historischen Vorbildern vollzogen hat, und dies auf unterschiedlichen Gebieten der Komposition, in unterschiedlichen Gattungen und Genres. Wer Salvatores Sciarrinos Website aufruft, sieht auf der Frontpage ein Tryptichon: zur Linken den vor einer Partitur sitzenden Komponisten, in der Mitte und zur Rechten zwei farbige Gemälde, die durch ihre Struktur, Linien und Farben einen Werkzusammenhang begründen. Sciarrino, der sein Leben sowohl der Musik als auch der bildenden Kunst gewidmet hat, lässt auf den untergeordneten Seiten seiner Homepage aber keinen Zweifel daran, dass er in erster Linie als Komponist und als Individualist und Non-Konformist angesehen werden will. Seine Biografie lässt er lapidar mit dem Satz beginnen: Salvatore Sciarrino (Palermo, 1947) si vanta di essere nato libero e non in una scuola di musica. Das ist witzig und Programm zugleich. Sciarrinos Musik bewirkt eine andere Art des Hörens, eine geänderte Wahrnehmung und ein neues Bewusstsein für die Wirklichkeit wie für sich selbst. Ihren Mittelpunkt bildet im traditionellen Sinn nicht mehr der Autor oder die Partitur, sondern der Hörer. Wie Salvatore Sciarrino die Freiheit seines unkonventionellen Denkens kompositorisch ins Werk setzt, ist Thema des Sonderbandes 2019. Der Sonderband enthält Beiträge von Camilla Bork, Sebastian Claren, Stefan Drees, Regine Elzenheimer, Lukas Haselböck, Jörn Peter Hiekel, Julia Kursell, Marion Saxer, Tobias Eduard Schick und Christian Utz.

On the Brink of Everything Parker J. Palmer, 2018-06-26 “This impassioned book invites readers to the deep end of life where authentic soul work and human transformation become pressing concerns.” —Publishers Weekly 2019 Independent Publisher Book Awards Gold Medalist in the Aging/Death & Dying Category From bestselling author Parker J. Palmer comes a brave and beautiful book for all who want to age reflectively, seeking new insights and life-giving ways to engage in the world. “Age itself,” he says, “is no excuse to wade in the shallows. It’s a reason to dive deep and take creative risks.” Looking back on eight decades of life—and on his work as a writer, teacher, and activist—Palmer explores what he’s learning about self and world, inviting readers to explore their own experience. In prose and poetry—and three downloadable songs written for the book by the gifted Carrie Newcomer—he meditates on the meanings of life, past, present, and future. With compassion and chutzpah, gravitas and levity, Palmer writes about cultivating a vital inner and outer life, finding meaning in suffering and joy, and forming friendships across the generations that bring new life to young and old alike. “This book is a companion for not merely surviving a fractured world, but embodying—like Parker—the fiercely honest and gracious wholeness that is ours to claim at every stage of life.” —Krista Tippett, New York Times-bestselling author of *Becoming Wise* “A wondrously rich mix of reality and possibility, comfort and story, helpful counsel and poetry, in the voice of a friend . . .

This is a book of immense gratitude, consolation, and praise.” —Naomi Shihab Nye, National Book Award finalist

Backstreet Boys Jamila Price (Miss Millie),2024-04-29 This is a story about the famous boy band in the world, The Backstreet Boys, and not only their singers but they are superheroes with special powers, when evil and danger comes, they save people and mostly the world, and after that they do what they love most: making music, singing for fans and be with their families.

Survey of Conditions of the Indians in the United States United States. Congress. Senate. Committee on Indian Affairs,1929

The Children's Blizzard David Laskin,2009-10-13 “David Laskin deploys historical fact of the finest grain to tell the story of a monstrous blizzard that caught the settlers of the Great Plains utterly by surprise. . . . This is a book best read with a fire roaring in the hearth and a blanket and box of tissues near at hand.” — Erik Larson, author of *The Devil in the White City* “Heartbreaking. . . . This account of the 1888 blizzard reads like a thriller.” — Entertainment Weekly The gripping true story of an epic prairie snowstorm that killed hundreds of newly arrived settlers and cast a shadow on the promise of the American frontier. January 12, 1888, began as an unseasonably warm morning across Nebraska, the Dakotas, and Minnesota, the weather so mild that children walked to school without coats and gloves. But that afternoon, without warning, the atmosphere suddenly, violently changed. One moment the air was calm; the next the sky exploded in a raging chaos of horizontal snow and hurricane-force winds. Temperatures plunged as an unprecedented cold front ripped through the center of the continent. By the next morning, some five hundred people lay dead on the drifted prairie, many of them children who had perished on their way home from country schools. In a few terrifying hours, the hopes of the pioneers had been blasted by the bitter realities of their harsh environment. Recent immigrants from Germany, Norway, Denmark, and the Ukraine learned that their free homestead was not a paradise but a hard, unforgiving place governed by natural forces they neither understood nor controlled. With the storm as its dramatic, heartbreaking focal point, *The Children's Blizzard* captures this pivotal moment in American history by tracing the stories of five families who were forever changed that day. David Laskin has produced a masterful portrait of a tragic crucible in the settlement of the American heartland. The P.S. edition features an extra 16 pages of insights into the book, including author interviews, recommended reading, and more.

An Illustrated History of Lyon County, Minnesota Arthur P. Rose,1912

The FBI and the KKK Michael Newton,2015-09-15 The Federal Bureau of Investigation and the Ku Klux Klan share a long and complicated history. Beginning with their first confrontation in 1922, this book examines the similarities, covert collaborations and common goals of the FBI and the KKK. After briefly describing the history of each, it explores the development of their association and the specific ways in which each organization furthered the other's goals. The book traces eighty years of parallel development and the conservative attitudes that, astonishingly, drew the FBI and the KKK

together.

The Valdris Book Andrew Anderson Veblen, 1920 Chapters: Description of Valdres, Norway; Bygdalag Movement, The Valdris Samband, Member of the Valdris Samband, Valdres in the World War, Some document and selections by members in America.

American Relief Aid and the Spanish Civil War Eric R. Smith, 2013-10-17 The Spanish Civil War created a conflict for Americans who preferred that the United States remain uninvolved in foreign affairs. Despite the country's isolationist tendencies, opposition to the rise of fascism across Europe convinced many Americans that they had to act in support of the Spanish Republic. While much has been written about the war itself and its international volunteers, little attention has been paid to those who coordinated these relief efforts at home. *American Relief Aid and the Spanish Civil War* tells the story of the political campaigns to raise aid for the Spanish Republic as activists pushed the limits of isolationist thinking. Those concerned with Spain's fate held a range of political convictions (including anarchists, socialists, liberals, and communists) with very different understandings of what fascism was. Yet they all agreed that fascism's advance must be halted. With labor strikes, fund-raising parties, and ambulance tours, defenders of Spain in the United States sought to shift the political discussion away from isolation of Spain's elected government and toward active assistance for the faltering Republic. Examining the American political organizations affiliated with this relief effort and the political repression that resulted as many of Spain's supporters faced the early incarnations of McCarthyism's trials, Smith provides new understanding of American politics during the crucial years leading up to World War II. By also focusing on the impact the Spanish Civil War had on those of Spanish ethnicity in the United States, Smith shows how close to home the seemingly distant war really hit.

The Philosophy of Creativity Elliot Samuel Paul, Scott Barry Kaufman, 2014-04-11 Creativity pervades human life. It is the mark of individuality, the vehicle of self-expression, and the engine of progress in every human endeavor. It also raises a wealth of neglected and yet evocative philosophical questions: What is the role of consciousness in the creative process? How does the audience for a work of art influence its creation? How can creativity emerge through childhood pretending? Do great works of literature give us insight into human nature? Can a computer program really be creative? How do we define creativity in the first place? Is it a virtue? What is the difference between creativity in science and art? Can creativity be taught? The new essays that comprise *The Philosophy of Creativity* take up these and other key questions and, in doing so, illustrate the value of interdisciplinary exchange. Written by leading philosophers and psychologists involved in studying creativity, the essays integrate philosophical insights with empirical research.

Intersex and Identity Sharon E. Preves, 2003 Examines how intersexed individuals negotiate identity in a dual gendered culture.

The Cambridge Handbook of Personal Relationships Anita L. Vangelisti, Daniel Perlman, 2006-06-05 The Cambridge Handbook of Personal Relationships serves as a benchmark of the current state of scholarship in this dynamic field synthesizing the extant theoretical and empirical literature, tracing its historical roots, and making recommendations for future directions. The volume addresses a broad range of established and emerging topics including: theoretical and methodological issues that influence the study of personal relationships; research and theory on relationship development, the nature and functions of personal relationships across the lifespan; individual differences and their influences on relationships; relationship processes such as cognition, emotion, and communication; relational qualities such as satisfaction and commitment; environmental influences on personal relationships; and maintenance and repair of relationships. The authors are experts from a variety of disciplines including several subfields of psychology, communication, family studies and sociology who have made major contributions to the understanding of relationships.

Aaron Helgeson Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has be apparent than ever.
