*Anam Cara* John O'Donohue, 1998-10-21 Discover the Celtic Circle of Belonging John O'Donohue, poet, philosopher, and scholar, guides you through the spiritual landscape of the Irish imagination. In *Anam Cara*, Gaelic for soul friend, the ancient teachings, stories, and blessings of Celtic wisdom provide such profound insights on the universal themes of friendship, solitude, love, and death as: Light is generous The human heart is never completely born Love as ancient recognition The body is the angel of the soul Solitude is luminous Beauty likes neglected places The passionate heart never ages To be natural is to be holy Silence is the sister of the divine Death as an invitation to freedom

**Creolization as Cultural Creativity** Robert Baron, Ana C. Cara, 2011-10-11 Global in scope and multidisciplinary in approach, *Creolization as Cultural Creativity* explores the expressive forms and performances that come into being when cultures encounter one another. Creolization is presented as a powerful marker of identity in the postcolonial creole societies of Latin America, the Caribbean, and the southwest Indian Ocean region, as well as a universal process that can occur anywhere cultures come into contact. An extraordinary number of cultures from Haiti, Martinique, Guadeloupe, the southern United States, Trinidad and Tobago, Madagascar, Mauritius, Seychelles, Réunion, Puerto Rico, Argentina, Suriname, Jamaica, and Sierra Leone are discussed in these essays. Drawing from the disciplines of folklore, anthropology, ethnomusicology, literary studies, history, and material culture studies, essayists address theoretical dimensions of creolization and present in-depth field studies. Topics include adaptations of the Gombé drum over the course of its migration from Jamaica to West Africa; uses of “ritual piracy” involved in the appropriation of Catholic symbols by Puerto Rican brujos; the subversion of official culture and authority through playful and combative use of “creole talk” in Argentine literature and verbal arts; the mislabeling and trivialization (“toy blindness”) of objects appropriated by African Americans in the American South; the strategic use of creole techniques among storytellers within the islands of the Indian Ocean; and the creolized character of New Orleans and its music. In the introductory essay the editors address both local and universal dimensions of creolization and argue for the centrality of its expressive manifestations for creolization scholarship.

**Intermittences** Ana Forcinito, 2019-01-09 The construction of memory entails a battle not only between memory and forgetting but also between different memories. There are multiple constructions of memory, and in the dispute between them, some become hegemonic, while others remain in the margins. Ana Forcinito explores the intermittences of transitional

justice and memory in post-dictatorship Uruguay. The processes of building memory and transitional justice are repetitive but inconstant. They are contested by both internal and external forces and shaped by tensions between oblivion and silence. Forcinito explores models of reconciliation to present an alternative narrative of the past and to expose the blind spots of memory.

Culture on Tour Edward M. Bruner, 2005 Recruited to be a lecturer on a group tour of Indonesia, Edward M. Bruner decided to make the tourists aware of tourism itself. He photographed tourists photographing Indonesians, asking the group how they felt having their pictures taken without their permission. After a dance performance, Bruner explained to the group that the exhibition was not traditional, but instead had been set up specifically for tourists. His efforts to induce reflexivity led to conflict with the tour company, which wanted the displays to be viewed as replicas of culture and to remain unexamined. Although Bruner was eventually fired, the experience became part of a sustained exploration of tourist performances, narratives, and practices. Synthesizing more than twenty years of research in cultural tourism, *Culture on Tour* analyzes a remarkable variety of tourist productions, ranging from safari excursions in Kenya and dance dramas in Bali to an Abraham Lincoln heritage site in Illinois. Bruner examines each site in all its particularity, taking account of global and local factors, as well as the multiple perspectives of the various actors—the tourists, the producers, the locals, and even the anthropologist himself. The collection will be essential to those in the field as well as to readers interested in globalization and travel.

**Color of Violence** INCITE! Women of Color Against Violence INCITE! Women of Color Against Violence, 2016-09-02 The editors and contributors to *Color of Violence* ask: What would it take to end violence against women of color? Presenting the fierce and vital writing of organizers, lawyers, scholars, poets, and policy makers, *Color of Violence* radically repositions the antiviolence movement by putting women of color at its center. The contributors shift the focus from domestic violence and sexual assault and map innovative strategies of movement building and resistance used by women of color around the world. The volume's thirty pieces—which include poems, short essays, position papers, letters, and personal reflections—cover violence against women of color in its myriad forms, manifestations, and settings, while identifying the links between gender, militarism, reproductive and economic violence, prisons and policing, colonialism, and war. At a time of heightened state surveillance and repression of people of color, *Color of Violence* is an essential intervention. Contributors. **With Borges on an Ordinary Evening in Buenos Aires** Willis Barnstone, 2000 Combining spirited and philosophical conversations, biographical anecdotes, citations from poetry, and literary analysis, this is a poignant portrait of Jorge Luis Borges in his later years. It presents the poet-storyteller as a figure of paradox and contradictions.

*Jorge Luis Borges in Context* Robin Fiddian, 2020-01-31 Jorge Luis Borges (1899-1986) is Argentina's most celebrated author. This volume brings together for the first time the numerous contexts in which he lived and worked; from the history of the Borges family and that of modern Argentina, through two world wars, to events including the Cuban Revolution, military dictatorship, and the Falklands War. Borges' distinctive responses to the Western tradition, Cervantes and Shakespeare, Kafka, and the European avant garde are explored, along with his appraisals of Sarmiento, gauchesque literature and other strands of the Argentine cultural tradition. Borges' polemical stance on Catholic integralism in early twentieth-century Argentina is accounted for, whilst chapters on Buddhism, Judaism and landmarks of Persian literature

illustrate Borges's engagement with the East. Finally, his legacy is visible in the literatures of the Americas, in European countries such as Italy and Portugal, and in the novels of J. M. Coetzee, representing the Global South.

**A Secret In Onyx** Jessica Florence, 2024-08-14 EVERYTHING I knew died when the end of the world came. People dropped dead, and electricity vanished. Those who remained alive were never the same again. While on the run with my boyfriend Tor across the desolate continent, the worst humanity had left attacked. Torn from the one I love, I boldly raced for help at the last human safe zone. Only it's not humans I found, but the Fae. Now I have one month to rescue my boyfriend and release a savior princess from an onyx tomb or lose them both forever. A seemingly impossible task when Rune, a cursed, pain in the ass Fae warrior is assigned to train me. He's hellbent on freeing his beloved princess and I'm desperate to save Tor. But no matter how hard we snarl during training; we can't stay away from each other. I thought the worst thing that could happen to me was the apocalypse. I was wrong. \*This is the art cover edition. Nothing is different in the story. Only the cover\*

**Moving Otherwise** Victoria Fortuna, 2019 *Moving Otherwise* examines how contemporary dance practices in Buenos Aires, Argentina enacted politics within climates of political and economic violence from the mid-1960s to the mid-2010s. From the repression of military dictatorships to the precarity of economic crises, contemporary dancers and audiences consistently responded to and reimagined the everyday choreographies that have accompanied Argentina's volatile political history. The titular concept, moving otherwise names how both concert dance and its off-stage practice and consumption offer alternatives to and modes to critique the patterns of movement and bodily comportment that shape everyday life in contexts marked by violence. Drawing on archival research based in institutional and private collections, over fifty interviews with dancers and choreographers, and the author's embodied experiences as a collaborator and performer with active groups, the book analyzes how a wide range of practices moved otherwise, including concert works, community dance initiatives, and the everyday labor that animates dance. It demonstrates how these diverse practices represent, resist, and remember violence and engender new forms of social mobilization on and off the theatrical stage. As the first book length critical study of Argentine contemporary dance, it introduces a breadth of choreographers to an English speaking audience, including Ana Kamien, Susana Zimmermann, Estela Maris, Alejandro Cervera, Renate Schottelius, Susana Tambutti, Silvia Hodgers, and Silvia Vladimivsky. It also considers previously undocumented aspects of Argentine dance history, including crossings between contemporary dancers and 1970s leftist political militancy, Argentine dance labor movements, political protest, and the prominence of tango themes in contemporary dance works that address the memory of political violence. Contemporary dance, the book demonstrates, has a rich and diverse history of political engagement in Argentina.

*Latin American Fiction and the Narratives of the Perverse* P. O'Connor, 2004-12-02 Latin American Fiction and the Narratives of the Perverse contains analysis of sexual perversion and narrative creativity in fictions from the Latin American boom and post-boom. O'Connor's main argument is that orthodox criticism of Latin American literature has neglected the eccentric singularities of other fictive trends in the corpus (especially in the second half of the twentieth-century). At the same time, by examining these eccentric singularities in their relationship to mainstream trends in the Latin American corpus, O'Connor forces his readers to view these master narratives and major trends (such as modernismo or magical realism) from surprisingly new angles. Five of the authors discussed (Puig, Lezama, Lima, Cortazar and Sarduy) have an established place in the Latin American literary canon. A fifth one, Rosario Ferre, may have come close to achieving that status with her earlier fictions. Others (Felisberto Hernandez, Alicia Borinsky, Cristina Peri Rossi and Silvia Molloy) are less well known, but they are certainly highly significant authors for scholars and students of contemporary Latin American fiction.
