**Dutch Antillies** Don Philpott,2002 This title is part of Landmark's series of guides to islands. It has an emphasis on practical information to enable visitors to make the most from their stay. The book is divided into three parts: Welcome to Aruba, Bonaire and Curacao, which describes the islands in general, highlighting how to get there, history, climate, culture, plant and animal life and local food and drink; Out and About, in which the author explores the principal inhabited islands by way of guided island tours; and the Landmark FactFile, which gives a comprehensive listing of all the essential information. It includes accommodation for those travelling independently as well as a section giving advice on getting married in the islands.

**Grenada** Paul Crask,2012 Known as the Spice Island, Grenada offers visitors mountains, rainforest, waterfalls, white beaches, Big Drum dancing, rum distilleries and some of the most famous sailing regattas in the world. Updated throughout, this is still the only dedicated guide to Grenada, Carriacou and Petite Martinique. Grenada's national parks are teeming with wildlife; Carriacou is home to some of the best coral reefs and wrecks in the Caribbean; and the tiny island of Petite Martinique is perfect for travellers looking for an idyllic getaway. Paul Crask showcases the islands' music festivals and cultural heritage, pinpoints ways to support local producers and craftsmen, and goes off the beaten track to reveal some of the country's little-known sights. An essential trip-planning tool, this guide will appeal to sun-seekers and sailors, as well as hikers, scuba divers and culture vultures.

**Federalism and the Response to COVID-19** Rupak Chattopadhyay, Felix Knüpling, Diana Chebenova, Liam Whittington, Phillip Gonzalez, 2021-11-29 The COVID-19 pandemic bared the inadequacies in existing structures of public health and governance in most countries. This book provides a comparative analysis of policy approaches and planning adopted by federal governments across the globe to battle and adequately respond to the health emergency as well as the socio-economic fallouts of the pandemic. With twenty-four case studies from across the globe, the book critically analyzes responses to the public health crisis, its fiscal impact and management, as well as decision-making and collaboration between different levels of government of countries worldwide. It explores measures taken to contain the pandemic and to responsibly regulate and manage the health, socio-economic welfare, employment, and education of its people. The authors highlight the deficiencies in planning, tensions between state and local governments, politicization of the crisis, and the challenges of generating political consensus. They also examine effective approaches used to foster greater cooperation and learning for multi-level, polycentric innovation in pandemic governance. One of the first books on federalism and approaches to the COVID-19 pandemic, this volume is an indispensable reference for scholars and researchers of comparative federalism, comparative politics, development studies, political science, public policy and governance, health and wellbeing, and political sociology.

*Sell Your House and Buy a Sailboat: Then Sail Halfway Around The World* Ray Emerson,2019-04-30 The idea for this sailing adventure was planted with Tinkerbelle, a book by Robert Manry about a solo voyage across the Atlantic Ocean in a thirteen-and-a-half-foot sailboat, which I read in 1967. That seed lay dormant for thirty-six years, until the one day when I came home from my job as a marine biologist. "Raymond," my darling wife, Judy, said, "I have spent twenty-five years here. This is my last winter in Alaska. I am leaving." She paused. "I hope you will come with me." I considered her words and, after a few moments, said, "Yes." I then asked, "Would you live on a sailboat?" She quietly considered my question then replied, "Yes." It was as simple as that—the rest is history. It was soon after this conversation, in December 2002, that we purchased a forty foot sailboat in Bellingham, Washington, and moved from a 3,200-square-foot home to a space forty feet by twelve feet that tapered at each end to a usable space of about 200 square feet. Much of the stuff we had accumulated over the years was dispersed like it would be at an estate sale, as if someone had died. In a sense, we had died, but as the stuff went away we began to feel reborn.
