The Mauritanian Mohamedou Ould Slahi, Larry Siems, 2021-02-18 Previously published as *Guantánamo Diary*, this momentous account and international bestseller is soon to be a major motion picture. The first and only diary written by a Guantánamo detainee during his imprisonment, now with previously censored material restored. Mohamedou Ould Slahi was imprisoned in Guantánamo Bay in 2002. There he suffered the worst of what the prison had to offer, including months of sensory deprivation, torture and sexual assault. In October 2016 he was released without charge. This is his extraordinary story, as inspiring as it is enraging.

Guantánamo Diary Mohamedou Ould Slahi, 2017-10-17 The acclaimed national bestseller, the first and only diary written by a Guantánamo detainee during his imprisonment, now with previously censored material restored. When *GUANTÁNAMO DIARY* was first published--heavily redacted by the U.S. government--in 2015, Mohamedou Ould Slahi was still imprisoned at the detainee camp in Guantánamo Bay, Cuba, despite a federal court ruling ordering his release, and it was unclear when or if he would ever see freedom. In October 2016, he was finally released and reunited with his family. During his 14-year imprisonment, the United States never charged him with a crime. Now for the first time, he is able to tell his story in full, with previously censored material restored. This searing diary is not merely a vivid record of a miscarriage of justice, but a deeply personal memoir--terrifying, darkly humorous, and surprisingly gracious. *GUANTÁNAMO DIARY* is a document of immense emotional power and historical importance.

Now he is able to tell his story in full, with previously censored material restored. The Actual True Story of Ahmed and Zarga Mohamedou Ould Slahi, Larry Siems, 2021-02-23 An epic story of a Bedouin family's survival and legacy amid their changing world in the unforgiving Sahara Desert. Ahmed is a camel herder, as his father was before him and as his young son Abdullahi will be after him. The days of Ahmed and the other families in their nomadic free range are ruled by the rhythms of changing seasons, the needs of his beloved camel herd, and the rich legends and stories that link his life to centuries of tradition. But Ahmed's world is threatened—by the French colonizers just beyond the horizon, the urbanization of the modern world, and a drought more deadly than any his people have known. At first, Ahmed attempts to ignore these forces by concentrating on the ancient routines of herding life. But these routines are broken when a precious camel named Zarga goes missing. Saddling his trusted Laamesh, praying at the appointed hours, and singing the songs of his fathers for strength, Ahmed sets off to recover Zarga on a perilous journey that will bring him face to face with the best and the worst of humanity and test every facet of his Bedouin desert survival skills.

Saving Grace at Guantanamo Bay Montgomery J Granger, 2012-07-01 Hard as it is to believe, one of the most significant stories of the post-9/11 age is also one of the least known—life at Gitmo, the detention facility for many of the world's worst terrorists. Few individuals are more qualified to tell this story than Montgomery Granger, a citizen soldier, family man, dedicated educator, and Army Reserve medical officer involved in one of the most intriguing military missions of our time. *Saving Grace at Guantanamo Bay* is about that historic experience, and it relates not only what it was like for Granger to live and work at Gitmo, but about the sacrifices made by him and his fellow Reservists serving around the world. Andrew Carroll, editor of the New York Times bestsellers *War Letters* and *Behind the Lines* *Saving Grace at Guantanamo Bay*, or *Gitmo: The Real Story*, is a good history of medical, security, and intelligence aspects of Gitmo; also, it will be valuable for anyone assigned to a Gitmo-like facility. Jason Wetzel, Field Historian, Office of Army Reserve History U.S. Army Reserve Captain Montgomery Granger found himself the ranking Army Medical Department officer in a joint military operation like no other before it - taking care of terrorists and murderers just months after the horrors of September 11, 2001. Granger and his fellow Reservists end up running the Joint Detainee Operations Group (JDOG) at Guantanamo Bay's infamous Camp X-Ray. In this moving memoir, Granger writes about his feelings of guilt, leaving his family and job back home, while in Guantanamo, he faces a myriad of torturous emotions and self-doubt, at once hating the inmates he is nonetheless duty bound to care for and protect. Through long distance love, and much heartache, Granger finds a way to keep his sanity and dignity. *Saving Grace at Guantanamo Bay* is his story.

Disposable People Kevin Bales, 2012-04-23 Slavery is illegal throughout the world, yet more than twenty-seven million people are still trapped in one of history's oldest social institutions. Kevin Bales's disturbing story of slavery today reaches

from brick kilns in Pakistan and brothels in Thailand to the offices of multinational corporations. His investigation of conditions in Mauritania, Brazil, Thailand, Pakistan, and India reveals the tragic emergence of a new slavery, one intricately linked to the global economy. The new slaves are not a long-term investment as was true with older forms of slavery, explains Bales. Instead, they are cheap, require little care, and are disposable. Three interrelated factors have helped create the new slavery. The enormous population explosion over the past three decades has flooded the world's labor markets with millions of impoverished, desperate people. The revolution of economic globalization and modernized agriculture has dispossessed poor farmers, making them and their families ready targets for enslavement. And rapid economic change in developing countries has bred corruption and violence, destroying social rules that might once have protected the most vulnerable individuals. Bales's vivid case studies present actual slaves, slaveholders, and public officials in well-drawn historical, geographical, and cultural contexts. He observes the complex economic relationships of modern slavery and is aware that liberation is a bitter victory for a child prostitute or a bonded miner if the result is starvation. Bales offers suggestions for combating the new slavery and provides examples of very positive results from organizations such as Anti-Slavery International, the Pastoral Land Commission in Brazil, and the Human Rights Commission in Pakistan. He also calls for researchers to follow the flow of raw materials and products from slave to marketplace in order to effectively target campaigns of naming and shaming corporations linked to slavery. *Disposable People* is the first book to point the way to abolishing slavery in today's global economy. All of the author's royalties from this book go to fund anti-slavery projects around the world.

A Moonless, Starless Sky Alexis Okeowo, 2017-10-03 WINNER OF THE 2018 PEN OPEN BOOK AWARD A rich and urgently necessary book (New York Times Book Review), *A Moonless, Starless Sky* is a masterful, humane work of journalism by Alexis Okeowo--a vivid narrative of Africans who are courageously resisting their continent's wave of fundamentalism. In *A Moonless, Starless Sky* Okeowo weaves together four narratives that form a powerful tapestry of modern Africa: a young couple, kidnap victims of Joseph Kony's LRA; a Mauritanian waging a lonely campaign against modern-day slavery; a women's basketball team flourishing amid war-torn Somalia; and a vigilante who takes up arms against the extremist group Boko Haram. This debut book by one of America's most acclaimed young journalists illuminates the inner lives of ordinary people doing the extraordinary--lives that are too often hidden, underreported, or ignored by the rest of the world.

The Mauritanian (originally published as *Guantánamo Diary*) Mohamedou Ould Slahi, 2015-01-20 This profound and disturbing (New York Times Book Review) bestseller written by a Guantánamo prisoner is now a major feature film starring Tahar Rahim and Jodie Foster. Enemy Combatant Moazzam Begg, Victoria Brittain, 2011-05-10 When *Enemy Combatant* was first published in the United States in hardcover in 2006 it garnered sensational reviews, and its author was featured in the *New York Times*, the *Los Angeles Times*, on National Public Radio, and on ABC News. A second generation British Muslim, Begg had been held by the U.S. military for more than three years before being released without charge in January of 2005. His memoir is the first published account by a Guantánamo detainee of life inside the infamous prison. Writing in the *Washington Post Book World*, Jane Mayer described *Enemy Combatant* as “fascinating . . . Begg provides some ideological counterweight to the one-sided spin coming from the U.S. government. He writes passionately and personally, stripping readers of the comforting lie that somehow the detainees aren't really like us, with emotional attachments, intellectual interests and fully developed humanity.” Recommended by the *Financial Times* and *Tikkun* magazine and a *ColorLines* Editors' Pick of Post-9/11 Books, *Enemy Combatant* is “a forcefully told, up-to-the-minute political story . . . necessary reading for people on all sides of the issue” (*Publishers Weekly*, starred review).

Mother Country Jacinda Townsend, 2022-05-03 Winner of the 2022 Ernest J. Gaines Award for Literary Excellence Shortlisted for the 2023 Hurston/Wright Legacy Award for Fiction Shortlisted for the 2023 Mark Twain American Voice in Literature Award A transnational feminist novel about human trafficking and motherhood from an award-winning author. Saddled with student loans, medical debt, and the sudden news of her infertility after a major car accident, Shannon, an African American woman, follows her boyfriend to Morocco in search of relief. There, in the cobblestoned medina of Marrakech, she finds a toddler in a pink jacket whose face mirrors her own. With the help of her boyfriend and a bribed official, Shannon makes the fateful decision to adopt and raise the girl in Louisville, Kentucky. But the girl already has a mother: Souria, an undocumented Mauritanian woman who was trafficked as a teen, and who managed to escape to Morocco to build another life. In rendering Souria's separation from her family across vast stretches of desert and Shannon's alienation from her mother under the same roof, Jacinda Townsend brilliantly stages cycles of intergenerational trauma and healing. Linked by the girl who has been a daughter to them both, these unforgettable protagonists move toward their inevitable reckoning. *Mother Country* is a bone-deep and unsparing portrayal of the ethical and emotional claims we make upon one another in the name of survival, in the name of love.

Don't Forget Us Here Mansoor Adayfi, 2021 The moving, eye-opening memoir of an innocent man detained at Gauntánamo Bay for 15 years: a story of humanity in the unlikeliest of places and an unprecedented look at life at Gauntánamo on the eve of its 20th anniversary--

Halfway Home Reuben Jonathan Miller, 2021-02-02 A persuasive and essential (Matthew Desmond) work that will forever change how we look at life after prison in America through Miller's stunning, and deeply painful reckoning with our nation's carceral system (Heather Ann Thompson). Each year, more than half a million Americans are released from prison and join a population of twenty million people who live with a felony record. Reuben Miller, a chaplain at the Cook County Jail in Chicago and now a sociologist studying mass incarceration, spent years alongside prisoners, ex-prisoners, their friends, and their families to understand the lifelong burden that even a single arrest can entail. What his work revealed is a simple, if overlooked truth: life after incarceration is its own form of prison. The idea that one can serve their debt and return to life as a full-fledge member of society is one of America's most nefarious myths. Recently released individuals are faced with jobs that are off-limits, apartments that cannot be occupied and votes that cannot be cast. As *The Color of Law* exposed about our understanding of housing segregation, *Halfway Home* shows that the American justice system was not created to rehabilitate. Parole is structured to keep classes of Americans impoverished, unstable, and disenfranchised long after they've paid their debt to society. Informed by Miller's experience as the son and brother of incarcerated men, captures the stories of the men, women, and communities fighting against a system that is designed for them to fail. It is a poignant and eye-opening call to arms that reveals how laws, rules, and regulations extract a tangible cost not only from those working to rebuild their lives, but also our democracy. As Miller searchingly explores, America must acknowledge and value the lives of its formerly imprisoned citizens. The Terror Courts Jess Bravin, 2013-02-19 Soon after the September 11 attacks in 2001, the United States captured hundreds of suspected al-Qaeda terrorists in Afghanistan and around the world. By the following January the first of these prisoners arrived at the U.S. military's prison camp in Guantanamo Bay, Cuba, where they were subject to President George W. Bush's executive order authorizing their trial by military commissions. Jess Bravin, the Wall Street Journal's Supreme Court correspondent, was there within days of the prison's opening, and has continued ever since to cover the U.S. effort to create a parallel justice system for enemy aliens. A maze of legal, political, and moral issues has stood in the way of justice--issues often raised by military prosecutors who found themselves torn between duty to the chain of command and their commitment to fundamental American values. While much has been written about Guantanamo and brutal detention practices following 9/11, Bravin is the first to go inside the Pentagon's prosecution team to expose the real-world legal consequences of

those policies. Bravin describes cases undermined by inadmissible evidence obtained through torture, clashes between military lawyers and administration appointees, and political interference in criminal prosecutions that would be shocking within the traditional civilian and military justice systems. With the Obama administration planning to try the alleged 9/11 conspirators at Guantanamo--and vindicate the legal experiment the Bush administration could barely get off the ground--The Terror Courts could not be more timely.

Dangerous Love Ray Norman,2015-12-01 Ray Norman spent most of his life living in far-flung corners of the globe, working on long-term development projects and living out his calling as a Christian professional. By the time he arrived in the Islamic Republic of Mauritania around the turn of the millennium, he was veteran of life as an expat, at home in countries and cultures not his own. But in 2001, the world was about to change—and so was Ray’s life. In the aftermath of 9/11—a time when tensions between Muslim and Western culture were peaking—Ray and his daughter, Hannah, made the short drive from their home to the Mauritanian beach. But instead of spending the afternoon enjoying the waves and the water, father and daughter found themselves hurtling back to the city, each with a bullet-hole pumping blood into the floorboards of their jeep. *Dangerous Love* is an account of the Normans’ brush with violent extremism—and of the family’s unexpected return to Mauritania in the face of terrifying risks. This is the story of a call that could not be denied and of a family’s refusal to give up on love.

Arab Jazz Karim Miské,2016-04-12 Kosher sushi, kebab stands, a secondhand bookstore, and a bar: the 19th arrondissement in Paris has all the trappings of a cosmopolitan melting pot--a place where multiethnic citizens live, love, and worship alongside one another. But dark passions are brewing beneath the seemingly idyllic vision of peacefully coexisting ethnicities. Ahmed Taroudant is an archetypal French Arab-non-observant, unable to reconcile his conflicting identities, and troubled by the past. A crime fiction connoisseur, Ahmed is engrossed in his latest book when he finds blood dripping from his upstairs neighbor's apartment. There, Laura Vignole is found brutally murdered, with a joint of pork placed near her body, prompting the obvious conclusion that the killer had religious motives. As the neighborhood erupts into speculation and gossip, Ahmed finds himself first among many suspects. Detectives Rachel Kupferstein and Jean Hamelot attempt to untangle the complex web of events leading up to Laura's death, but truth is hard to come by, with each inhabitant--an Armenian anarchist, a Turkish kebab-shop owner, and a Hasidic Rastafarian--reluctant to reveal anything. Determined to clear his name, Ahmed joins the detectives as they investigate the connection between a disbanded hip-hop group and the fiery extremist preachers clamoring for attention in the streets. Meanwhile, an ecstasy variant called Godzwill is taking the district by storm. In his debut novel, Karim Miské demonstrates a masterful control of setting, as he moves effortlessly between the sensual streets of Paris and the synagogues of New York to reveal the truth behind a horrifying crime.

The Exile Adrian Levy,Catherine Scott-Clark,2017-05-23 Startling and scandalous, this is an intimate insider's story of

Osama bin Laden's retinue in the ten years after 9/11, a family in flight and at war. From September 11, 2001 to May 2, 2011, Osama Bin Laden evaded intelligence services and special forces units, drones and hunter killer squads. The Exile tells the extraordinary inside story of that decade through the eyes of those who witnessed it: bin Laden's four wives and many children, his deputies and military strategists, his spiritual advisor, the CIA, Pakistan's ISI, and many others who have never before told their stories. Investigative journalists Cathy Scott-Clark and Adrian Levy gained unique access to Osama bin Laden's inner circle, and they recount the flight of Al Qaeda's forces and bin Laden's innocent family members, the gradual formation of ISIS by bin Laden's lieutenants, and bin Laden's rising paranoia and eroding control over his organization. They also reveal that the Bush White House knew the whereabouts of bin Laden's family and Al Qaeda's military and religious leaders, but rejected opportunities to capture them, pursuing war in the Persian Gulf instead, and offer insights into how Al Qaeda will attempt to regenerate itself in the coming years. While we think we know what happened in Abbottabad on May 2, 2011, we know little about the wilderness years that led to that shocking event. As authoritative in its scope and detail as it is propulsively readable, *The Exile* is a landmark work of investigation and reporting.

Blood and Earth Kevin Bales, 2016-01-19 For readers of such crusading works of nonfiction as Katherine Boo's *Beyond the Beautiful Forevers* and Tracy Kidder's *Mountains Beyond Mountains* comes a powerful and captivating examination of two entwined global crises: environmental destruction and human trafficking—and an inspiring, bold plan for how we can solve them. A leading expert on modern-day slavery, Kevin Bales has traveled to some of the world's most dangerous places documenting and battling human trafficking. In the course of his reporting, Bales began to notice a pattern emerging: Where slavery existed, so did massive, unchecked environmental destruction. But why? Bales set off to find the answer in a fascinating and moving journey that took him into the lives of modern-day slaves and along a supply chain that leads directly to the cellphones in our pockets. What he discovered is that even as it destroys individuals, families, and communities, new forms of slavery that proliferate in the world's lawless zones also pose a grave threat to the environment. Simply put, modern-day slavery is destroying the planet. The product of seven years of travel and research, *Blood and Earth* brings us dramatic stories from the world's most beautiful and tragic places, the environmental and human-rights hotspots where this crisis is concentrated. But it also tells the stories of some of the most common products we all consume—from computers to shrimp to jewelry—whose origins are found in these same places. *Blood and Earth* calls on us to recognize the grievous harm we have done to one another, put an end to it, and recommit to repairing the world. This is a clear-eyed and inspiring book that suggests how we can begin the work of healing humanity and the planet we share. Praise for *Blood and Earth* “A heart-wrenching narrative . . . Weaving together interviews, history, and statistics, the author shines a light on how the poverty, chaos, wars, and government corruption create the perfect storm where slavery flourishes and environmental destruction follows. . . . A clear-eyed account of man's inhumanity to man and Earth. Read it to get informed, and then take

action.”—Kirkus Reviews (starred review) “[An] exposé of the global economy’s ‘deadly dance’ between slavery and environmental disaster . . . Based on extensive travels through eastern Congo’s mineral mines, Bangladeshi fisheries, Ghanaian gold mines, and Brazilian forests, Bales reveals the appalling truth in graphic detail. . . . Readers will be deeply disturbed to learn how the links connecting slavery, environmental issues, and modern convenience are forged.”—Publishers Weekly “This well-researched and vivid book studies the connection between slavery and environmental destruction, and what it will take to end both.”—Shelf Awareness (starred review) “This is a remarkable book, demonstrating once more the deep links between the ongoing degradation of the planet and the ongoing degradation of its most vulnerable people. It’s a bracing reminder that a mentality that allows throwaway people also allows a throwaway earth.”—Bill McKibben, author of *Eaarth: Making a Life on a Tough New Planet*
